

Qore™ system

Qivana's Qore™ System is a practical health regimen created with world-class natural products. The system follows a very simple 3-step philosophy: Stabilize, Vitalize, and Optimize.

STABILIZE

your intestinal flora daily with **Qore™ Probiotics** to build immune defense and enhance nutrient absorption

VITALIZE

your system daily with **Qore™ Essentials**, a proprietary blend of proven healing herbs from Asia for enhanced energy and protection

OPTIMIZE

your wellbeing each quarter with a free* body cleansing with **Qore™ Detox**

WHY PRODUCT SYSTEMS?

By creating a health regimen with three very different natural products, Qivana has taken a very simple, yet realistic approach to improving health. Natural products can be confusing and overwhelming. Most people couldn't select the right combinations of ingredients or products on their own. Qivana has created relationships and leveraged the wisdom of experts to build a system of products that really work together. These three products build on each other and work synergistically, becoming much more effective together than they would be on their own.

Qore™ *probiotic*

Qivana has produced a proprietary blend of probiotics, the live bacteria in your intestinal tract that fight off hostile invaders, aid in nutrient absorption, and are essential for proper digestion. Antibiotics destroy beneficial bacteria while probiotics rebuild your intestinal flora. However, probiotics are difficult to deliver to your intestinal tract because they must first pass through stomach acid unharmed. Qivana is delivering its proprietary blend with Trispheres™, the most advanced probiotic delivery technology in the world. Trispheres have been shown in scientific studies to protect probiotics 100% more effectively than a traditional 2-piece capsule, and 50% better than an enteric-coated capsule.

Qore™ Probiotic Benefits:

- *Aids in healthy digestion and nutrient absorption*
- *Enhances the immune system*
- *Helps maintain healthy levels of intestinal flora*

Qore™ essentials

Qore Essentials is a proprietary blend of the most proven herbs in the world. These herbs are delivered using Qivana's Direct Dissolve™ technology, an exclusive microencapsulation process. Our herbal blend consists of concentrated extracts of powerful phytonutrients from the Crown Herb™ (also known as Immortality Herb™ or gynostemma pentaphyllum), Chinese Skullcap, and Korean Ginseng. Each of these herbs fall into a rare class known as adaptogens; a category reserved only for those herbs which have been proven to help the body respond to various stresses put upon it. Out of the hundreds of tonic herbs, the Crown Herb™ was named as one of the 10 most important tonic herbs in traditional Chinese medicine at a conference in Beijing in 1991. These herbs have an extensively documented history, dating back for centuries, but most importantly have had their efficacy validated in well over a thousand recent scientific papers by some of the best research institutions in the world.

Qore Essentials Benefits:

- *Promotes energy and protects against fatigue*
- *Helps your body maintain healthy cholesterol levels that are within a normal range*
- *Supports healthy cardiovascular function*
- *Maintains the metabolic functions of the body*
- *Supports healthy liver and immune function*

Qore™ detox

Qivana's Qore Detox contains Puratox™, an exclusive blend of natural products, with a scientifically validated ability to rid your body of heavy metals, free radicals, radioactive elements and toxins. Puratox is made with a unique, molecularly-modified citrus pectin, giving it the ability to assimilate into the blood stream, bind to toxins and provide a deep cleansing of heavy metals. The Puratox blend also has QAI Certified Organic Kelp and Modified Alginate Complex that cleanse the digestive tract and help to prevent reabsorption of the toxins. These ingredients have been proven in numerous scientific studies on human subjects and offer a host of unique benefits as part of a health regimen. A 30-day supply of Qore Detox will be automatically shipped free to those customers who have participated in the Qore System AutoShip program for 60 days.

Qore Detox Benefits:

- *Detoxifies the body from heavy metals, radioactive elements, free radicals & toxins*
- *Removes metals and toxins without depleting the essential minerals*
- *Functions at the cellular level and in the intestinal tract*
- *Binds toxin to MCP to prevent reabsorption of harmful toxins*
